Awards Ceremony

The awards and distinctions aim to recognize and encourage research, innovation, and knowledge transfer in health, education, and quality of life, as well as to foster research and teaching talent at the University of Lleida and in society.

Prize for External Projects 2024

A distinction intended to recognize those projects carried out during 2024 by organizations, institutions, or teams external to UdL, which have stood out for their positive impact on the population’s health, education, or quality of life.

Prize for External Projects 2025

An award aimed at highlighting recent initiatives from organizations and institutions that, throughout 2025, contribute to social improvement and the practical application of knowledge in the fields of health and education.

Best Master’s Thesis 2025 — Master’s in Research, Innovation and Transfer

Recognition for students of this master’s program who, through their research, have provided new perspectives or innovative solutions with potential for transfer to society or the healthcare system.

Best Master’s Thesis 2025 — Secondary School Teaching Master’s

An award that highlights the commitment and creativity of future teachers in the fields of training and education, honoring the most relevant works for their quality, rigor, and applicability.

Best Doctoral Thesis 2025 in Health, Education and Quality of Life

The event’s highest academic distinction, recognizing the excellence of a doctoral research project for its originality, impact, and contribution to scientific knowledge in areas linked to the chair.

Refreshments and Networking Space

An opportunity to share impressions and build ties between awardees, members of the university community, and institutional representatives.
